

Combined compression and suction system for 1 or 2 chairs

ASPIR-COMP 24/10 GENESI MC

Code: D-AC150-024-MC

Description: ASPIR-COMP 2016 is the centralized system for compressed air and surgical suction with leading features:

- integrated solution, including oil-free compressor and semi-wet suction
- compact, easy to handle thank to the use of the wheels
- extremely silent (only 52 dB/1m)
- modern design, ASPIR-COMP can be placed everywhere!
- high pure air: -20°C dew point and 0,01 micron filtration
- powerful and reliable oil free compressor
- high performance semi-wet suction system
- reduced and simple maintenance
- integrated amalgam separator available on demand

Model								
	Dental chairs	Air dryer	Air Capacity	FAD @ 5bar	Motor	Volt.	Freq.	Receiver
Compressor module	1-2	yes	<i>m3/h l/min cfm</i> - 182 6,4	<i>m3/h l/min cfm</i> - 120 4,2	HP KW 1,5 1,1	V Hz 230 50		<i>l GAL</i> 24 6,3
Semi-wet suction	1-2	no	<i>m3/h l/min cfm</i> - 1100 38,9	<i>m3/h l/min cfm</i> - - -	HP KW 0,7 0,55	V Hz 230 50-60		<i>l GAL</i> - -

Model						
	Noise Level	Duty cycle	Max pressure	Max oper. head	Size	Net weight
